1. Taipei District Prosecutors Office (TDPO) entrusted Taipei Branch of Administrative Enforcement Agency (TBAEA), Ministry of Justice to conduct an sale of the vehicles seized during the investigation today (February 24, 2023). A total of two including one Maserati and one ALFA ROMEO high-end luxury cars were seized in this public sale, and the sale prices were NT\$1.72 million and NT\$1.76 million respectively.

2. Today's sale of vehicles includes one Maserati and one ALFA ROMEO seized by TDPO for investigations into cases involving Securities Investment Trust and Consulting Act. The Loot Storage of TDPO held a sale, attracting 33 groups of people to register to receive number plates and join the bidding ranks. The scene was lively. After several bids, ALFA ROMEO was finally sold at NT\$1.76 million and Maserati at NT\$1.72 million.

3. TDPO would like to appreciate TBAEA for their great assistance in handling the sale and will continue to implement the criminal policy of seizing the defendant's criminal proceeds during the investigation and thoroughly depriving the criminal's illegal assets, returning the seized and

price-changed illegal proceeds to the victim, cutting off the criminal's niche and crime incentives to achieve social justice.
