**With regard to today's media coverage about a female prosecutor being investigated for suggesting her lawyer boyfriend cooperate with a scam group, we provide the following clarification:**

The Taipei District Prosecutors Office filed charges on the 13th against lawyers involved with scam groups. The indictment includes evidence such as "the Telegram chat record with upstream member 'Prosecutor Wu'." We clarify that the 'Prosecutor Wu' mentioned in the indictment is not the same Wu from the Taoyuan District Prosecutors Office mentioned in the media reports. The true identity of 'Prosecutor Wu' is not a judicial officer as well.

As for whether Prosecutor Wu is involved in any administrative wrongdoing, our office has submitted the relevant evidence to the Taiwan High Prosecutors Office for investigation.

To protect the effective execution of justice and maintain public trust, our office will continue to investigate whether any other lawyers or judicial officers are involved in this case.
