

自古以來，毒品濫用非僅肇致施用者個人身心之嚴重傷害，和諧之家庭關係亦遭破壞，更自此衍生助長其他犯罪，諸如吸毒上癮者不事生產卻為籌措購毒費用，進而行竊、搶奪或強盜他人之財物，販毒者為牟取更大之利益及鞏固所持有高價之毒品而持有槍枝、甚而組成集團對外遂行暴力犯罪，人口販運或非法之犯罪集團藉由毒品控制其下人員從事性交易或迫使其等為不當勞動行為。

此由清光緒 32 年（1906 年）重頒禁煙諭令：「自鴉片煙弛禁以來，流毒幾遍中國，吸食之人廢時失業，病身敗家，數十年來，日行貧弱，實由於此，言之可為痛恨」等語可知，毒品一旦濫用及擴散，對於國家社稷之影響，不僅使社會安定之基礎崩解，甚可危及一國國力與未來發展。

然而，隨著時代之演進，現今社會上不僅充斥許多新興之毒品，且摻混多種成本低廉之有害且強效化合物，並以以假亂真之外包裝等方式，大量在市面上擴散；甚至施用、轉讓乃至於販賣毒品之對象更逐步蔓延至校園中之學子及社會上眾多年輕之族群。再者，網際網路之蓬勃發展及手機通訊科技之嶄新變革，亦遭從事毒品犯罪之不法分子非法利用，致訴追機關所採取之傳統通訊監察作為遭到相當大之挑戰。

基此，行政院於 2017 年 5 月 11 日提出「新世紀反毒策略行動綱領」，用以宣

示政府徹底打擊毒品犯罪及免除毒品危害之決心。而臺北地檢署位處全國政經中心，案件之偵辦本屬全國執法單位之表率，而該署前已洞悉緝毒策略應循「溯源斷根」之方式方能抑制供給，非僅止於個別案件之調查，遂於各地檢署中首創並自力研發毒品資料庫與數位取證設備，由專責檢察事務官分析毒販與購毒者之通聯往來紀錄暨剖析手機通訊軟體呈現內容，俾一覽無疑而發揮補強供述證據之效能，更於 104 年間將緝毒業務擴編成兩組，責陳兩名主任檢察官領軍督導所屬同仁，指揮警、憲、調及海巡署等單位之專責人員有效查緝，成效良好。

毒品犯罪案件之查緝，實為檢察官肩負起維持社會安定和諧、人民安居樂業及國家得以永續發展所須實踐之重責大任。本書回顧該署歷年來為偵辦緝毒案件所投入之心力與查緝之成果一一留存，以勵來茲。

本書於付梓之際，承邢檢察長泰釗囑託略誌數語為序，深感辛慰，期勉該署再接再勵，從緝毒的面向，為社會國人安全的永續發展貢獻心力。

最高法院檢察署檢察總長

Since ancient times, drug abuse has been causing serious physical and mental harm to drug takers, ruining harmonious families, and triggering other crimes. For instance, rather than working, drugs addicts commit theft and robbery to get money for drugs. To obtain more benefits and keep the high-price of drugs, drug traffickers buy guns, and even form gangs which commit violent felonies and human trafficking. Some gangs force their members into the sex trade or other illegal conducts by drugs.

In 1906, an order to ban drugs was issued, saying “Drugs have spread across China since the ban on drugs has been lifted. Drugs takers waste time and become unemployed and fragile. Over the past decade, they have become increasingly weak and poor. Therefore, drugs have become a national hatred.” According to the citation, drugs would threaten national security once they are abused and go viral. In addition to causing the collapse of the foundation of social stability, drugs can even endanger the strength and future development of a nation.

Over time, many new drugs have been

made, and are sometimes mixed with many cheap but harmful enhancement compounds. Wrapped in fortified packages, they are widely spread in the market. The consumption, transfer, and trafficking of drugs have even gradually reached schools and young groups. Worse still, drug traffickers make use of sophisticated technologies, such as the Internet and mobile phones, in drug trafficking, which imposes tremendous challenges on the law enforcement agencies that adopt traditional communication technologies for monitoring.

On May 11, 2017, the Executive Yuan proposed the Action Outline of Anti-drugs Strategies in the New Century to show the government’s determination in the fight against drug-related crimes and its harm. Situated at the national political and economical center, the Taipei District Prosecutors Office plays a leading role for national law-enforcement units in drug-related crimes investigation; and fully aware that “eradicating the sources of drugs” is the only effective way to restrict the supply of drugs. The office therefore initiatively established a drug database and digital forensic office to collect and

analyze evidence from mobile phone communications between drug sellers and buyers. Such efforts would surely enhance the effectiveness of evidence. In 2015, two work groups were established to handle drug suppression actions, which were led by two head prosecutors who coordinated among the police, military force, and customs. Their efforts paid off, and great achievements were attained.

Investigating drug-related cases is an important duty for prosecutors, who are expected to maintain social stability and harmony, create a favorable and comfortable environment for society, secure the livelihood of the people, and promote national sustainable development. The information collected in this book is a reflection of how the office has devoted itself to drug suppression, and its accomplishments, and is published as an encouragement for future work.

Chief Prosecutor Tai-chao Hsing invited me to write a foreword for this publication. I feel honored, and secure in the knowledge, that the office will continue to make great contributions to social and national security, as well as sustainable development, through drug suppression.
